Change Orders in general

(Q) What’s the importance of finalizing the PO revisions?
(A) Finalizing the revision updates the BFS version of your BearBuy PO. If the changes are not finalized, the changes are never sent to BFS. Since payment is made in BFS, if the voucher information doesn’t match the BFS information, payment will fail and not go out to the vendor.

20-30 Webinar Series

(Q) Where will this presentation be posted?
(A) The presentation, recording and all FAQ’s will be posted on the BearBuy webpage 20-30 Webinar Training Series section. That URL is http:// procurement.berkeley.edu/bearbuy/20-30-webinar-series
